

## President of TRB Pharma Brazil, awarded the

### Cândido Fontoura Necklace of Pharmaceutical Industry Merit - 2019

*Cândido Fontoura necklace of Pharmaceutical Industrial Merit is an honored instituted by SINDUSFARMA - Union of trade Brazilian Pharmaceutical Industry - in the State of São Paulo, to honor entrepreneurs, Executive Directors and Professional Officers of the Health and Pharmaceutical Industry, as well as Partner Entities, in recognition of relevant services to the sector.*

The award aims to rescue the memory of the Brazilian Pharmaceutical Industry in the country and highlight the actuation of their leaders in recognition of their achievements. SINDUSFARMA pays fair homage to those who have acted and act in the sense of build the image and strength of the Brazilian Pharmaceutical Industry Sector.

The Patron of this Commend is Cândido Fontoura da Silveira, a pharmacist graduated by the School of Pharmacy and Obstetrics of São Paulo at the beginning of the past century, period marked by important transition: The activities of pharmacies and the emergence of pharmaceutical industrial laboratories.

Active participant in many activities aimed at medicines and public health, founded the Medicamenta Fontoura Institute & Serpe and in 1933 is the first first elected president of the - *Union of trade of Chemical and Pharmaceutical Products' Industries*, future **SINDUSFARMA**. Yes, he is also the creator of the formulation of the famous Biotônico Fontoura.

He has participated of numerous campaigns in favor of children and encouraged the creation of Health Posts. Still in 1933 he participates of the creation of Rádio Cultura with the aim of disseminating good health practices.

Nothing is more just than a man of this magnitude to be the Patron of this Honor.

CÂNDIDO FONTOURA - "O Homem e sua Obra" - óleo sobre tela de autoria de J. U. Campos.

In its eighth edition, **Necklace Candido Fontoura 2019**, awarded on the night of April 25/2019, 33 personalities in the Pharmaceutical and Health sectors.

The event was held in the halls of Monte Líbano Athletic Club, São Paulo. Among the winners, **Miriam Damaris Di Maio**, President of TRB Pharma Brazil, a company belonging to the TRB CHEMEDICA Group, founded in 1980, based in Geneva, and present in more than 40 countries.

In thanking the honor of the Comenda, our President declared:

*"Very happy with this honorable honor. I have always followed this merit offered to these great icons of the Pharmaceutical industry, practically my guides when I started my career. I celebrated with them because were people who helped build the Industry, facing difficult periods in those 35 years.*

“ ... this award is the result of a team work, where the participation and performance of Paulo Roberto Dallari Soares, also has great merit. Nobody does anything alone. ”

*For me it is a great honor, especially since I am one of the few women in the sector, President. I feel doubly honored and thank those who remembered me.*

*I want to record that this award is the result of teamwork, where the participation and performance of Paulo Roberto Dallari Soares also has great merit. Nobody does anything alone. And, of course, first of all it's a inspiration from GOD, WHO I am most grateful for. I may also to remember the actions of my parents who made us study and demanded that we always give the best. Anyway, I'm very grateful to everyone. I feel blessed and grateful to GOD. Thank you."*

This Necklace, comes to crown the persistent work of a company for 30 years in Brazil, which has sought grow and develop thanks to the rigor and creativity of its employees. It also strengthens the fundamental mission to innovate in therapeutic strategies. Never forgetting to practice Sustainability.

In the same way that it brings us sedimenting, the need to continue weaving in the day to day Science and Health as Principle.
